DYNAMIC EVANGELIST AND MUSICAL BETTS AT FIRST BAPTIST REVIVAL, SOUTH BAY

REV. BABB ADAMS

The First Baptist Church, South Bay will begin Revival Services Sunday, Feb. 21 with the Rev. Babb Adams, a dynamic Southern Baptist Evangelist from Tampa, in charge, highlighted by the "Musical Betts" nationally known throughout the United States and Canada and Cuba, presenting the special music.

The Revival Meeting will be held nightly at 7:30, beginning Feb. 21st and continuing through March 7, for two full weeks.

This Revival will be refreshingly different from many of the evangelistic crusades sweeping our nation today. Free from superficiality, the campaign will be bible - centered.

Mary-Ruth Circle Gives Donation To Wee Care

The Mary Ruth Circle of the Woman's Society of Christian Service of Community Methodist Church met Wednesday, Feb. 20, for a delicious luncheon and meeting at the home of Mrs. E. F. Saunders.

Mrs. N. T. Taylor, president, presided during the business session, during which time a collection was taken up for feeding places for the Wee Care Center.

Minutes of the last meeting were read by Mrs. George F. Hall, who also presented the program. Mrs. W. R. Hooker gave the devotion. The members studied Chapters 1-3 of the book of Exodus, which was followed by a discussion.

Thirteen members were present: Mrs. N. T. Taylor, Mrs. W. R. Hooker, Mrs. Farnall, Mrs. Barbara McCormick, Mrs. Clarence Tilton, Mrs. R. W. Kildner, Mrs. Dora McWhorter, Mrs. D. C. DeHaven, Mrs. F. E. Hollingsworth, Mrs. Mildred Hensley, Mrs. Tevis Hugely and Mrs. Saunders.

Daily Devotions To Be Broadcast

Station WSWN of Belle Glade, in cooperation with the Belle Glade Ministerial Association will conduct Daily Devotions Monday through Friday starting March, the 1st, at a time to be announced at a later date.

Each minister of the Association will take a full week of devotion at his regularly scheduled turn. The schedule was assigned according to alphabet of the minister's names.

A standard opening and closing for the devotion, approved by the Association will be used. A committee is now in the process of selecting an ecumenical non-denominational hymn.

The ministers of the Association and their churches conducting these devotions are as follows:

W. R. Boland, Community Methodist; F. X. Fenech, St.

Holy Name Society Hears G. J. Curlee

At the regular monthly meeting of St. Philip's Holy Name Society, Mr. G. J. Curlee, Sup. of the Glades Correctional Institution gave a very interesting talk.

He spoke on modern methods and their contribution to the rehabilitation of offenders through educational, vocational and religious training with qualified instructors.

Statistics presented by Mr. Curlee indicated a substantial reduction in repeat offenders as a result of modern methods.

The "Musical Betts" will be in charge of the entire musical part of the program at the Revival which will get underway on February 21st. The Betts will be presenting special music such as, on the marimba, Vi-ra Harp, Hawaiian Guitar, 500 Sleigh Bells, 32 Cow Bells, Musical Saw and Vocal numbers.

The Rev. and Mrs. Betts present their dedicated music in churches only as their talent comes from the Lord, and they prefer to use it for the glory of these sacred concerts, consist of the Old Beloved Hymns of the church that all love to hear.

These musicians will have a great portion of the service using these unique and colorful instruments, several of which you may have never heard. The Clarence Betts are known to be Gospel Musicians with a truckload of Musical Instruments using them for the glory of God.

The Musical Betts will not only be in charge of the Music for the Revival each night at 7:30 p. m. at the First Baptist Church of South Bay but will be having Boys and Girls services at the Church each afternoon Monday through Friday for boys and girls 4-14 years of age.

This opportunity during the Revival at the First Baptist Church should not be missed by anyone. The Nursery is open each night at 7:15 p. m. for boys and girls.

Christ - centered, church-centered, and soul - centered. There are no high-pressure crusades sweeping our nation today. Free from superficiality, the campaign will be bible - centered.

Rev. Babb Adams was a Pre-Med Student at the University of Tampa, when God called him into the Ministry. He has been a minister for 14 years having served his last pastorate for 12 years, and now in his second year in full-time evangelist work.

Evangelist Adams has been married for 10 years to the former Marilyn Owens of Tampa and is the father of three children, two girls and a boy.

Dr. E. J. Daniels recommends Adams by saying, "It has not been my privilege to hear Bro. Adams but I have checked into his life, methods and ministry with pastors who have had him conduct revivals in their churches. I have yet to find anyone speak ill of him. All alike commend him, and declare that he is the best of God to be an evangelist."

Rev. James A. Fenton, pastor of the church, remarked, "If every young man had this opportunity to hear this man of God, they cannot help but accept Christ. Evangelist Adams, with his Bible with present day problems faced by people of everyday life. His Scriptural approach appeals to people of all ages and from all walks of life."

"Roman Holiday" Theme of Sweetheart Banquet

First Baptist Church, Belle Glade, held a beautiful sweetheart banquet last Friday night, Feb. 12th in the social hall at the church. The theme of the banquet was "Roman Holiday." The hall was beautifully decorated with Roman columns draped with vines and huge clusters of grapes. The ceiling was graced with blue streamers sprinkled with silver stars.

The center of attraction was a flowing water fountain encircled with lovely flowers and surrounded with a patio of stepping stones and grass. Throughout the hall a rainbow of beautiful lights aided by the use of candles on the dining tables gave light to the activities.

A delicious meal was served to the young people by Roman bond maidens in full Roman dress. At the conclusion of the supper the program began with the crowning of Mike Youngblood as King and Miss Alice Rashley as queen by Rev. Luther A. Key, pastor of the church.

The queen's runner up was Miss Sharon Walls.

A hilarious period of entertainment followed when Mark Anthony (Jack Ponce) made his appearance. The church staff comprising of Rev. Jack Ponce, Mrs. Helen Youngblood, Miss Daisy Coley and Mrs. Sarah Plunkett presented a skit on everyday events in Roman life. A beautiful trio was rendered by Misses Cynthia Nutt, Alice Rashley and Joyce Morris. Beautiful Cleopatra (Miss Daisy Coley) sang, "Three Coins in the Fountain."

The mood changed as Rev. James Zachary, pastor of First Baptist Church, Plantation, Florida, came to challenge the young people with a message using the text "Render unto Caesar the things that are Caesar's and unto God the things that are God's."

About 65 guests were in attendance.

Trio, Cynthia Nutt, Joyce Morris and Alice Rashley presented a special song, adding to the entertainment at the Sweetheart Banquet at First Baptist Church Friday night.

Mike Youngblood is crowned King and Alice Rashley Queen by Rev. Luther A. Key at the Sweetheart Banquet.

Altar Society Hears Dr. Joe Orsenigo

Dr. Joseph Orsenigo, associate horticulturist, Everglades Experiment Station, spoke on Agricultural Programs of the University of Florida and Everglades Experiment Station, at the regular monthly meeting of St. Philip's Altar Society.

In an informative and interesting talk Dr. Orsenigo explained the functions of teaching, research and extension in the new Institute of Food and Agricultural Sciences at the University of Florida.

He traced the history of the Everglades station from the early 1920's to the work programs of the present academic staff of some 20 researchers. The role of the station in solving classic minor element nutrition problems upon which our plant and animal industries are based was noted.

The diversity of research projects tackled by the Florida Experiment Station was illustrated by display of bulletins

Wisdom Of The Ages

In Proverbs 23:7 The Divine record states: "As a man thinketh in his heart, so is he." The prophets and wise men of every age have agreed with Solomon. The way to change a man's life is to change his thinking. This and circulars which report experimental results and recommendations to commercial growers and home owners. This information is made available to the user primarily through the Extension Service represented by the County Agricultural Agent.

Mrs. Laura Lockmiller, president of the society, presided during the business session.

law is as firmly determined by God as the law of gravity. We must become what we think about.

The chorus of voices which affirms this principle includes such eminent thinkers and leaders as Marcus Aurelius, Ralph Waldo Emerson and William James. Marcus Aurelius discovered: "A man's life is what his thoughts make of it." Emerson concluded: "A man is what he thinks about all day long" and William James declared: "The greatest discovery of my generation is that human beings can alter their lives by altering their attitudes of mind."

Since a man becomes what he thinks about, it is imperative that we take heed to what we see, hear and read. Check the message of the Apostle Paul in Philippians 4:8. For the pro-

per emphasis.

the Bible speaks to you CHRISTIAN SCIENCE RADIO SERVICE "AN EXAMPLE FOR OUR CHILDREN"

There can be no harmony without you! Unless everyone joins in together, determined to make performance on life's stage the best one possible, the result will always be sour and discordant.

Perhaps, when we take an honest look at ourselves, we discover such things as temper or prejudice, jealousy or despair standing in the way of our personal happiness. And when we unshrink, we feel out of tune with the world.

How can these miseries be overcome? God Himself will help us, if we ask Him. It is His intention that His children live in harmony and contentment, and He will show us the way.

Bring your problem to church this Sunday, and offer it to Him in prayer. He loves you greatly. He understands you perfectly, and only He can help you to regain the glory of joy that belongs in your heart.

## Basketball Season Nearly Over; Tournament In Stuart Feb. 26-27

Basketball season is nearing an end and the Rams are preparing for two remaining games with Ft. Pierce and McCoy and Pahokee this week prior to participating in the group tournament in Stuart on February 26 and 27. Assorted injuries and illnesses have reduced the number of players and some hoped-for victories. The last time the team played intact the Rams defeated McCoy 96-91 in overtime. Since then the team's sparkplug and second leading scorer, Tony Latour, has missed ten games with a broken arm which will keep him out for the remainder of the season. Others who have missed games through these ten games, which never saw less than two missing, were Gary Mann, Mickey McGahee, Bryant Davis and Don Wilkinson. At this stage of the season Gary Mann leads the team in scoring with better than 17 points per game. Latour averaged 14.58 through 12 games and Carey Jones averaged 12.27. Jones also leads in rebounds with 183. Mickey McGahee has developed into a good backcourt man, taking up some of the slack left by Latour.

THE HERALD, Belle Glade, Florida FEB. 18, 1955

The team is comprised chiefly of juniors and sophomores and should improve with experience despite losing Mann by graduation. Retaining next year along with Jones, Latour and McGahee will be Harry Chancy and George McDonald who have done some good rebounding. Ivan Willis who is now scoring and rebounding well, Scottie Markham and sophomore Bryant Davis. The Rams play the winner of the Stuart-Cardinal Newman game in their first tournament game.

### Belle Glade At Stuart March 9

A good, hustling practice actualized the opening of baseball season for the Belle Glade High School according to Coach Luke Thornton. Tony Latour, last years outstanding pitcher, is out with a broken arm, and Coach says he will be missed in the opening game at Stuart, March 9.

Coach Thornton said the returning lettermen are: seniors, Larry Bowen, Don Wilkinson, John Evans, John Spooner; juniors, John Henderson, Tony Latour, Ray Sullivan, Pat Gilbert, Eddie Hart, Riley Foster, Gary Walker; sophomores, Bryant Davis and Herb Giese. Candidates for the first time are: Bill Miller, Richard Van Landingham, Duane Stokes, Pat Bowen, Eddie Jimerson, Wendell Wells, Ramon Zubizarreta, George Rodriguez, Julio Perez, Mike Foster, Ken Brannan, Jimmy Jackson, Ricky Holt. Charles Ruff is serving as head manager with Phil Brane and Keith Cook as assistants. The baseball schedule for the season is:

March 9 — Belle Glade at Stuart  
March 12 — Belle Glade at Dan McCarty  
March 13 — Okeechobee at Stuart

BASEBALL Coach Luke Thornton gives Gary Walker, Junior Varsity, batting hint.

Belle Glade  
March 16 — Pahokee at Belle Glade  
March 19 — Open (senior play)  
March 20 — Belle Glade at Okeechobee  
March 23 — Riviera at Belle Glade  
March 26 — Belle Glade at Forest Hill  
March 30 — Belle Glade at Boca Raton  
April 2 — Vero Beach at Belle Glade  
April 3 — Boca Raton at Belle Glade  
April 6 — Palm Beach at Belle Glade  
April 9 — Belle Glade at Seacrest  
April 13 — Belle Glade at Lake Worth.

CHARLES RUFF, Manager for the Belle Glade High School baseball team, gets the bats ready.

The sub group tournament will be April 22, 23 and 24 and the winner of this tournament will participate in the Group tournament April 29, 30 and May 1. The winners then participate in the regional tournament May 7 followed by the State Tournament play-off of the regional winners May 13 and 14.

Coach Thornton says the boys are to be commended on the way they are working out and the hopes with the cooperation of the Jaycees details will be completed for some night games.

## Pahokee To Belle Glade In Four And One Half Hours

Except for highways, high wind, wet scouts and canoes that had to be bailed quite often, the only real excitement as the Boy Scouts of the Glades District ended a weekend canoe outing was an overturned canoe in the wake of a fishing boat. With safety equipment and escort boats, immediate action by the boys resulted in no damage and quick recovery. The scouts paddled two canoes from Okeechobee to Clewiston in relays.

Contributing to the great success were many people in the area: Jimmie Belk of the Okeechobee County Sheriff's Department gave the canoes personal as the canoe trek began; Allen Markham of Okeechobee furnished a power boat for relief used operated by Ben Dixon; Glades District Chairman Frank Thomas and Assistant Scoutmaster Troop 680 David Harden assisted in the escort power boat. On arrival of the scouts from Okeechobee to Pahokee, the Pahokee Troop 628 took the oar paddles and Vance Denton joined in his 17 sailboat. On arrival at Port Mayaca Palm Beach County Sheriff's Department escorted the scouts to the Hendry County line and a tired troop 628 were homeward bound.

Belle Glade's Scout troop 601 first left group who left 7:30

Sunday paddling from Pahokee to Belle Glade were: Scott Berryhill, Brian Moore, Steve Berryhill, Steve Close, Paul White and Ricky Roth with the escort boat furnished by Ray Roth and R. H. Lewis. As the relay canoeing ended others who participated in the four hour and thirty-two minute paddle from Pahokee to Belle Glade were: Glen Wolf, Tommy Folds, John Kidder, Leon Kelsoe, Bruce Camplin, Richard MacMillan, Gary Camplin, Kenneth Canave. High commendation to the scouts, their leaders, Sheriff's Auxiliary, Ray Roth, R. H. Lewis, Dr. Bob Allen and participating citizens was cited by F. H. Thomas, District Chairman of the Boy Scouts.

## Plans Camping Trip Girl Scout Troop

Junior Girl Scout Troop 41 is in preparation for a troop camping trip according to Joan Leavitt, troop reporter. Past activities have included a cook-out, a campfire, making "some-mores" and erecting tents. Leaders of the troop are: Mrs. Barnes Smith, Mrs. R. Y. Creech and Mrs. R. L. Holt. Meetings are held each Thursday afternoon at the Episcopal Church.

## Local Drycleaner Wins Nat'l Honor

Mr. W. S. Jones, Glades' Laundry Cleaners, 316 S. W. Avenue, Belle Glade, Fla., has been awarded membership in the Jolly Belin Club for 1964-65, an exclusive national society of drycleaners. The membership is a reward for his part in enlisting the participation of other drycleaners in an industry-wide improvement project sponsored by the National Institute of Drycleaning.

The Jolly Belin Club is named for the world's first drycleaning plant. It was a toppled oil lamp. Legend has it that the drycleaning process was discovered by a clumsy servant who turned over a lamp, spilling turpentine on a soiled table cloth. The benzene in the turpentine took the soil from the cloth, and this discovery led directly, the story goes, to the establishment of the Jolly Belin drycleaning firm in Paris about 1840. The Institute has evidence that "dry" solvents were used in spot removal as early as the 16th century, but the legend of the lamp persists.

Jolly Belin Club members were specially honored at the institute convention last March in Chicago, Illinois. Other honors will be extended to them at future drycleaning conventions.

U. S. Air Force Captain Joel T. Goff, son of Mr. and Mrs. A. Melburn Goff of South Bay, Fla., recently completed the U. S. Army jump training school and was awarded his parachutist wings at Camp Sukiran, Okinawa.

Captain Goff made five jumps during the rigorous three-week volunteer course.

The captain is assigned to Techikawa AB, Japan, as a C-130 Hercules pilot. His organization there supports the Pacific Air Forces mission of providing airpower for defense of the U. S. and its allies in the Pacific area.

Captain Goff attended the University of Miami, Coral Gables, Fla., and is a member of Sigma Chi. He was commissioned in 1960 through the aviation cadet program.

His wife, Sharon, is the daughter of Mr. and Mrs. Charles P. Tumbner of 10134 Ellis Drive, St. Louis, Mo.

Captain Donald S. Aunapu, son of Mrs. Elizabeth Wilbanks of 1609 W. Lake Road, Belle Glade, Fla., has received a regular commission in the U. S. Air Force at Homestead AFB, Fla.

Captain Aunapu previously held a USAF reserve commission as an aviation cadet. He graduated. He was named for regular status on the basis of his duty performance, educational background and potential as an Air Force officer.

He is serving as a B-52 Stratofortress aircraft commander in a Strategic Air Command (SAC) unit at Homestead. His unit supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

The captain, whose father, Fred Aunapu, resides in Belle Glade, is a graduate of Belle Glade High School.

His wife is the former Margaret Kraemer of Germany.

Ministerial Association Joins Chamber To Provide Recreation For Every Age

The monthly meeting of the Belle Glade Ministerial Association was held February 10th, at the Community Methodist Church, Rev. W. R. Boland, host pastor. The meeting was opened with prayer by Rev. L. A. Key, of the First Baptist Church, J. P. Vondraeck of the Everglades Presbyterian Church and president of the Association called the meeting to order. It was requested that the Association cooperate with the City Library in stimulating more use of the library facilities by calling attention to certain religious books in the library.

The association voted to cooperate with the Chamber of Commerce concerning the recreational need for people from age to eighty years old. A committee was appointed to represent the Ministers.

It was announced that a Library has been started at Okeechobee Center, and books are needed. There are to be turned in to Joel Mills. The community services for Good Friday and Easter Sunrise were discussed. Rev. Max Jones of the Correctional Institution was asked to contact the churches of Pahokee to weigh the possibility of joint services between the two churches.

# Belle Glade Elementary School News

## FIRST GRADES: By The Enrichment Class

All the children worked on a Valentine's unit. Valentine was the highlight of the week with every child telling every "other" child how much "I Love You." New Valentine songs were sung and Valentine parties were given. Hostesses for the room, Mrs. Williams, Mrs. Crockett and Mrs. Dean; Mrs. Hargrave's room, Mrs. Herbert Bush; Mrs. Evelyn Johnson's room, Mrs. Fritz Strin, Jr., and Mrs. Revela; Mrs. West's room, Mrs. Willis and Mrs. Smith's room, the hostess chairman was Mrs. Robert Ohman assisted by Mrs. Manning and Mrs. Carlee.

Mrs. Smith's room gave a health play "Victory for Vegetables" with following children in cast: Lisa Milon, Louise Olin, Sammie Manning, Keith Deal and other children representing the vegetables.

## SECOND GRADES:

All the second grades in Belle Glade Elementary had annual Valentine parties Friday afternoon. Hostesses for the rooms were: Mrs. Burkett's room, Mrs. Basil Cook and Mrs. Pete McClellan; Mrs. Boland's room, Mrs. Kenneth Eden, Mrs. Enfinger and Mrs. McGee; Mrs. Johnson's room, Mrs. R. T. Lauer; Mrs. Stevens' room, Mrs. George Imes, Mrs. Bill Evans, and Mrs. Nelson Nelson; Mrs. Minney's room, Mrs. Larry Roy.

## THIRD GRADE:

Mrs. Curlee, room mother for Mrs. McClure's room, planned the Valentine party. A special treat of favors — a Valentine box filled with candy was given to each child. Theme songs were: Mrs. Hooks, Mrs. del Campo and Mrs. Goodlett, Mrs. Strong and Mrs. Baker, and Mrs. Challance's third grade class had a Valentine party and was assisted by Mrs. W. H. Acres, Jr. The children say "thanks" to all the mothers for the wonderful party.

## FOURTH GRADES:

Mrs. Battie's room is studying Log Cabin Days. A great Valentine party Friday with the mothers helping: Mrs. Bussey, Mrs. Williams, and Mrs. Spink. Fourth grade also elected the following officers: President, Oscar Varona; Vice-President, George Varona and Secretary, Jeff Harris.

## FIFTH GRADES:

Mrs. Willis' room had four girls — Karen Carpenter, Darlene Miller, Betty Crissman, and Debbie Jones and four boys — Ronnie Lafayette, Ricky Shoemaker, Bruce Wells and Donnie Bryan all help with the Valentine party. The children say "when there are all ready, the rest of the class later came in from recess, got their refreshments and sat down and ate." The mothers helping were: Mrs. Sam Crissman, Mrs. David Motes and Mrs. Enfinger.

## FOURTH AND FIFTH GRADES:

Mrs. Davis's room sang familiar Valentine songs and the children compared valentines agreeing finally that the largest Valentine of all was given to Teddy Slade. This to everyone's envy. Mrs. Jean Davis, room mother, assisted. Mrs. Davis's room reports that more letters have been received from Mississippi. The class plans to send pamphlets from the Belle Glade Chamber of Commerce and a small package of muck to the Mississippi and say they want these Mississippians to see what "Black Gold" is like and why Belle Glade is called the "winter vegetable" center.

L-R — Steven Berryhill, Lsabel Gonzales, Roger Cunningham, Tony Eurliegh, Donna Connell, Dolores Williams. Gove Sixth Grade School sixth graders who had leads in "JUMBO'S VALENTINE," Valentine play written by sixth grade class and directed by Debra Arnette. A pony dance by the entire cast: delighted the audience.

L-R — Billy Norris, Tony Arzua, Mr. Capua, Gove Sixth Grade teacher, Gerald Pittman, Scott Berryhill, Male members of "JUMBO'S VALENTINE" written by sixth grade under direction of Mr. Capua.

L-R — Donnie Miller, James Hooks, Tony Burleigh, Corley Holt, who played the part of devils in "JUMBO'S VALENTINE," an original Gove sixth grade Valentine production. Presented Friday to 339 Gove students.

## FIFTH AND SIXTH GRADES:

Mrs. Boyd's room elected Vickie Grindstaff, Dianne Walls as "our Valentines." These girls were in charge of Valentine refreshments, serving, clean-up and entertainment and the party was great!

## SIXTH GRADE:

Mrs. Davidson's room is studying in charge of Valentine refreshments, serving, clean-up and entertainment and the party was great! Mrs. Davidson's room is studying in charge of Valentine refreshments, serving, clean-up and entertainment and the party was great!

## SEVENTH GRADE:

The sixth grade students of the Gove Elementary School not only wrote the script but also directed and acted in a Valentine performance "Jumbo's Valentine" last Friday. The 339 Gove students were a delightful and entertained audience of the Gove Elementary School. Mrs. Pittman, mothers of Debra Arnette and Gerald Pittman, said the children have really worked hard for nearly three weeks writing and re-writing and practicing. Mr. D. J. Capua, teacher of the sixth

## Are Some Parents Cheating Their Children?

By Lewis Lewellyn

"Train up a child in the way he should go and when he is old he will not depart from it." Recent revelations of widespread cheating among cadets at the Air Force Academy have not aroused much public indignation.

Have we seen so much cheating in our national life that it is no longer surprising that large numbers of our first young men have had to resign from the Academy?

Have we come to expect and condone a low moral tone among our young people? To be fair to those who have left the Academy under a cloud we must keep in mind that many may not have been personally involved in the cheating, their offense being that they did not report it although they had knowledge of it.

Young people growing up today are exposed on every hand to the evidences of a culture which exhibits a general complacency about the declining moral conditions under which we live.

## Pilgrims Too Strict?

Perhaps the Pilgrims and Puritans who came to these shores to establish our nation were overly strict in their standards of behavior. This, at least, is what many present-day writers and speakers would have us believe.

However, as J. Edgar Hoover said recently, "Today, America is free and strong — a monument to the hopes and ideals of the Pilgrims — too many Americans no longer care about our religious ideals and heritage — they put their purpose in life is lost in moral lethargy, self-indulgence, and neglect of duty."

To live upright lives in the midst of so many evidences of wrongdoing in high places and low, surrounded by indecent literature, pressured from every

## Scouts Awarded

By Lewis Lewellyn

Thirty boys and young men who attained the highest rank in Scouting during the past six months were honored at the fourth annual Eagle Scout Recognition Banquet of the George Washington Hotel in West Palm Beach Thursday night.

Local Eagles honored were: Eugene Hollingsworth, room 621; Charles Victor Riedel, Troop 621, both sponsored by the Everglades Presbyterian Church and Richard Hoker.

The Eagle Scout banquet this year reflected a rise of nearly 35 percent in boys attaining Eagle Rank as compared with the first recognition banquet held in 1951. The Glades District could not break a three way tie for selection of the most outstanding Eagle Scout according to Dr. F. H. Timms, Glades District Chairman, who said "the rank of the Eagle Scout enjoys one of the highest and most widespread endorsements of the public throughout the nation and our three local sponsors are a source of pride to the community."

Featured guest speaker was Robert L. Elliott of Atlanta, Vice-President of Southern Bell Telephone Company, affiliated with the space research program and the satellite program.

The host-counselors in professional and vocational field as selected by the three Glades Eagle Scouts for career possibilities were: Victor Riedel, John Chavez, County Agricultural Agent; Eugene Hollingsworth, Charles F. Phillips, Construction Engineer and Richard Hoker, Dr. John W. Randolph, formerly of Belle Glade.

Local district sponsors for the Eagles honored are Hollingsworth in Glades-Clewiston, Everglades Federal Savings and Loan and Bank of Belle Glade.

## Grudge Golf Play Held By Lions

By Lewis Lewellyn

A "grudge golf" game concluded the weekly luncheon of the Belle Glade Lions Club Wednesday at the Country Club. The grudge came during the luncheon when Lions Dr. Cunningham, McCall and Wierengo were trying to prove whose golf play was up to par. The action began — "Shoey" Dr. Cunningham, to make it a full play-off against Dunn McCall and Jim Wierengo.

On the tee Wierengo "chickened out" and Milton Carpenter "chickened in." With a mob of Lions spectators heckling Cunningham and Dr. Cunningham, the game was high scored holes 1 and 7 to 10 to 1.

## THANK YOU

A sincere thanks to all my wonderful friends and customers for their visits, cards, flowers and telephone calls during my recent confinement for surgery at Glades General Hospital. Your thoughtfulness will always be remembered, and I'll see all of you back in the shop next week.

# Contributions By Secondary Schools in Glades' "War On Poverty"

By Pellen Morris  
Superintendent of Belle  
Glade High School

Mr. Morris presented this paper at Louisville, Ky., during the first weeks of December to a gathering of Representatives of the Southern Association of Colleges and Schools.

We believe each citizen of the Glades will be proud of the accomplishments of our school as outlined by Superintendent Morris. We believe each citizen should know what is taking place. This is the first of a series of articles on schools and school problems. (Editor).

All of you are familiar with the lower "Gold Coast of Florida" — from Miami, Miami Beach to West Palm and Palm Beach. These areas would be almost non-existent without our area, the Glades. The reason for this is our water resources and its control. Expansion has been possible by development of the South-Central Flood Control District — a \$350 million program covering 18 counties. Not only did it permit development of the Miami-Palm Beach area, but it aided the development of the richest farm area in the United States. This program had its beginning in Belle Glade when some six or eight farmers started a local farm drainage program. This

local project and its beginning is typical of our area.

Palm Beach County is most unusual. During January and February, approximately 65-75 per cent of the WEALTH OF THE WORLD is represented in Palm Beach. About 400 of the social elite are there. Yet, eight (8) miles west, non-native English speaking people of the lowest socio-economic level — FARM MIGRANTS — make the highways unsafe to travel, and living conditions are very poor. Twenty miles to the west begin along the Glades (rich muck soil) along the Southeastern shore of Lake Okechobee.

Last year this agricultural empire produced approximately \$120 million in agricultural goods.

(a) Sugar Cane, \$62 million  
(b) Winter Vegetables \$45 million  
(c) Cattle, \$8 million  
(d) Sod, \$2 million

In the past four years, approximately \$250 million has been invested in the Sugar industry; sugar mills; refineries; equipment, etc.

Western Palm Beach County consists of approximately one-half million acres of muck land of which only 300,000 acres are developed at present.

Of course, it's needless to say, we have the same low socio-economic conditions in our area, all previously mentioned. This is the geographic area about which I plan to speak.

This area consists of several towns of which Belle Glade is the largest and the hub. The Glades has had tremendous growth. In 1937 the population was approximately 8,500.

1950 the total population was 18,161.

1954 the total population is approximately 48,000 8,000 off shore laborers).

This population can fluctuate by approximately 15,000 people during the season, and off season. (The season is from October, The season is from October,

ber-November to approximately May).

The school population also changes with the season. (Graph or chart)

NOTE: The number of transient students (white and colored) have remained constant.

This transient population has been a major concern for many years. THE FIRST STEP TO SOLVING any problem is to admit the circumstances and want to do something about it. Local school authorities and community leaders took a serious step toward this in the early 1950's by recognizing this need.

A request for assistance was made to the "National Council on Agricultural Life and Labor" which responded by sending Dr. Green for a study. Later, Miss Elizabeth Sutton, was assigned as a consultant.

Immediately, "The Advisory Committee for the Education of Migrant Children," composed of principals, teachers, ministry for migrants, health department officials, and others was organized and began research on the problems at hand. Two extension courses were conducted by Florida State University, as well as summer workshops on campus. These courses gave added emphasis to our needs. After field and research, one major and several minor projects were undertaken annually on the pre-school and elementary level. Results were unbelievable. It is important that I mention a few —

(a) Proper grade placement as well as curriculum adjustment. Remember, many of these children had not enrolled prior to coming to the Glades as late as December or January. The strict compulsory attendance law in Palm Beach County helped tremendously.

(b) Special effort by teachers and children to make new students feel wanted — to belong. Many had never had a community to call home.

(c) Replacement of transient of teachers by two (2) visiting teachers.

(d) Creation of the exceptional children's program; reading, speech, English, for Foreign Born, etc.

(e) Health — major problem with great success — dental, nutrition, vision, immunizations, and improved school — home relations.

(f) Proper transfer records — in the beginning 90 per cent left without notifying the school. Today, less than 5 per cent. After a plan was devised for the student to carry the necessary information for proper grade placement in new school. This encouraged the child to enroll.

(g) New program in grades 5 and 6 — primary courses in child care, simple cooking, sewing, household cleanliness, etc., was included in one of the elementary schools' curriculum.

Many of the 10-12 year olds were responsible for the care of smaller children while parents worked. During the peak of the season, packing centers continue processing until ten, eleven and sometimes twelve o'clock at night. Most of this hard work is done by women.

As the pre-school and elementary programs improved, the poor attitude poor attendance, retardation, drop-out rate, study habits, emotional problems, environment, as well as home responsibilities of the Junior High age, became our major concern. Research by the Migrant Committee indicated the need for a curriculum planned specifically for these students.

A new program was created, known as the Cooperative Junior High School. Entrance requirements were established and a screening committee appointed. Not more than twenty (20) students were to be assigned per grade. The program basically and briefly was as follows:

1/3 time — remedial academics.  
1/3 time — homemaking for girls, and manual arts for boys.  
1/3 time — physical education, art, lunch, and music. These were taken with regular junior high students.

The program began with forty (40) students, and two teachers. At the close of the first year, its success indicated it should be doubled and include the second year. This proved to be a real asset with teacher utilization. It allowed a teacher in manual arts, one in homemaking, two in remedial academics.

The evaluations have indicated that the greatest success has been in social acceptance and understanding as well as an improved attitude toward the school. Also, a feeling of belonging by having succeeded not only in cooking, sewing, and woodwork, but in academics as well. (General growth of 1½% in grade placement was common).

It was estimated, upon selection of these students, that approximately 90 per cent would drop-out at the age of 16 or soon thereafter. After four years

the follow up survey shows: 35% still in school.  
22% drop-out, but have employment at unskilled or semi-skilled jobs. School helped with job placement in most cases.  
10% married (most successful)  
33% unknown, unsuccessful — or transferred.

Future plans include:  
(a) extending program into third year (Grade 9)  
(b) broaden and enrichment of the present program.  
(c) an experimental co-operative plan of half day in school and half day on job training similar to Diversified Cooperative Training, or D. E. but as a helper or semi-skilled employee (This has been experimented on an individual level and indicated a definite need.)  
(d) Assistance in job placement upon drop-out.

The school structure at Belle Glade High School in 1960 was grades 7-12. Presently we have a new junior high school and are operating as two separate centers. As the Cooperative Junior High progressed, the Belle Glade Senior High curriculum also began to be changed. Pre-occupations and vocational oriented offerings were broadened and altered to meet the need of the local area. More emphasis was given to farm related areas, such as welding, mechanics, fertilizers, insecticides, pesticides, marketing, and

many others. The interest of boys could best be maintained by first hand association; so a 140 acre agriculture laboratory was obtained. This is probably the best Agriculture Farm Laboratory in the state. We have a herd of pure breed cattle, feeder stockers, show cattle and crosses of most all beef types. Some are chapter owned and some are individually student owned. The average number of cattle on the farm is about 150 (Approximately 80 acres of pastureland).

When the sugar cane industry began to grow, the F. F. A. chapter joined fifty-two (52) LOCAL FARMERS to form the Glades Sugar Cooperative with a total investment of about \$20 million. Our obligation was \$22,000 and the boys are well aware of their responsibility and participate in the business affairs first hand. The Agriculture Department also holds membership in the Glades Livestock Cooperative.

Many other similar growth opportunities have been undertaken successfully. The keys to this departments growth are:

(a) An agricultural Advisory Council composed of about 15 men representing every facet of farm and farm related activities.  
(b) An informed and cooperative community.  
(c) A well trained and dedicated staff.

## BEEF INVENTORY AND PRICE SITUATION

This is the first time in history that prices have not forced an inventory reduction at the end of a cattle cycle — In only a few years this country will be unable, with present practices, to produce enough red meat for our population.

USDA reports beef cattle inventory of 106.3 million for January 1, 1965, up slightly from a year ago.

A slight increase is expected next year.

Beef demand is strong — imports down.

Our personal opinion is that prices will stay strong enough to prevent forced inventory reduction—which means small profits, until demand exceeds the supply.

NOW IS THE TIME FOR LONG RANGE PLANNERS TO PREPARE FOR CAPITAL GAINS AND FUTURE PROFITS IN THE CATTLE BUSINESS.

# 60 Fla. Counties Pay 64 per cent; 7 Pay 36 per cent

According to reports of the Florida Revenue Commission, seven of Florida's 67 counties paid 64 percent of the total collections for sales and gas taxes for the month of January, 1965, \$27 million of the total of \$40 million.

Dade, Broward, Duval, Hillsborough, Pinellas, Orange and Palm Beach bear the heavy load in both categories — gas and sales.

The order of their totals differ in the two, but Dade is in the lead in both.

The X - Y - Z counties in the list are Union with \$3,602, La-

ayette with \$2,769 and Liberty paying \$2,007 in sales taxes.

In gas tax Union is the "X,"

Liberty the "Y" and Gilchrist the "Z."

The folks in these counties

must "shop" in Tampa and drive a lot of horses and mules, or use the "peddle express."

## Sen. Smathers Named Chairman Of Leukemia Drive

Senator George Smathers has been named chairman of the Leukemia Society fund drive, scheduled for March 1-15th.

The announcement was made by Ernest T. Whitman, Vice-President of the Florida Division.

"This year may be the most important year in our fight against this dreadful disease because the end seems right within our reach," said Smathers.

Mrs. Carol Aitken, executive director of the Palm Beach County Chapter, said that plans were well underway for the campaign and that 3500 volunteer workers are being recruited for the two week drive.

A total of 50,000 workers will take part in the drive throughout the state.

The Leukemia Society conducts a research program thru out the country. The research program at the University of Miami is headed by Dr. Adel A. Yunis, prominent hematologist.

## Indiantown-Kissimmee Offer Rodeos

You may go to Kissimmee for Saturday and Sunday to Tonite (Thursday) stay over Friday to see the Kissimmee Livestock Show and Rodeo and Circle T. Ranch, then money on to Indiantown.

For Saturday and Sunday to see America's only strictly invitational Rodeo at Troup's Livestock Show and Rodeo at Circle T. Ranch, then money on to Indiantown.

(Friday) morning there will be a rodeo parade at 10 a. m. in Kissimmee, with 2:30 p. m. set for the opening performance.

Many visitors will come early to see the parades, and to take a look at the fine purebred cattle from all parts of Florida which will be on exhibit at the Kissimmee Valley Livestock Show, and Osceola Fair, located in the State Livestock and Crop Pavilion next to the rodeo arena.

Practically all of the 1000 seats at the \$150,000 Silver Spurs, Aztec, and other shows. This year all seats will be reserved, with admission prices ranging from \$1.00 to \$3.00 (boxes extra). Children and adults will pay the same prices.

Indiantown says: The Rodeo, one of the best known in the nation, invites only champion riders to ride in the Circle T event.

Adding a great deal of color will be the massive fly in of private airplanes to be staged by the Florida Pilots Association and individuals. Over 100 private planes are expected at the 6,000 foot private airstrip which is connected to the Rodeo Bowl by a 2,000 foot taxi way.

Rodeo consists of five basic events: Bareback Bronc Riding, Cowboy's Calf Roping, Saddle Bronc riding, Cowboy's steer wrestling, and Wild Brahma Bull Riding. In addition a girls barrel racing competition will be held with contestants coming from as far as Oklahoma to take part. Clown and specialty acts will take place between each event.

The bucking horses and bulls that have earned a reputation for being among the meanest in Rodeo, are a product of careful breeding. For 362 days a year they live a completely free life in wild Florida Country in order that they may vent a very special fury on any hapless cowboy that dares to ride them the other two.

## Cancer-Crusade Chairmen From Nine Counties Meet Today For Conference

Newly elected Unit Crusade Chairmen and key leaders from nine Southeast Florida counties, who will spearhead individual educational and fund-raising campaigns for the American Cancer Society this Spring, will attend a special pre-Crusade conference, Thursday, February 18 at the Towne House in Boca Raton. The meeting will be called to order at 12 noon and adjourn at 3:30 p. m.

Crusade volunteers attending the conference will represent the following counties: Broward, Dade, Hendry, Martin, Monroe, Okeechobee, Palm Beach and St. Lucie Counties. Participants in the briefing sessions at the conference will be told about the educational aspects of the 1965 Crusade, as well as details of the fund-raising campaign.

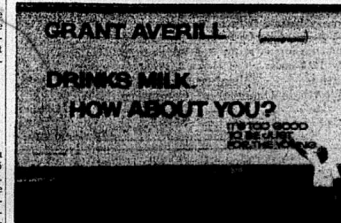

Dick Pope, Jr., Cypress Gardens, 1965 State Crusade Chairman, who is scheduled to attend the pre-Crusade area meeting, announced this week that the President of the United States and the Governor of Florida have proclaimed April 1965 as Cancer Control month. In keeping with the Act which was written into the Congressional Records a number of years ago,

## Averill Drinks Milk

If you glance to your left approaching Belle Glade from the east you will see a sign reading GRANT AVERILL DRINKS MILK. In my car the passengers quipped, "Look what Averill's doing now — some advertising stunt," another, "What's that sign all about?" "What's the sense to that?" "Can't you see it's only advertising milk?" came another faint-hearted guess and fact proved out. ## Sir Winston Churchill

"And tell sad stories of the death of kings."

So the fine old line marches down the paths of time. And it comes, at last, to Sir Winston Churchill who were no crown but lives, in eternity, with all the kings and captains who created, saved and defended worlds faced with destruction and with that destruction, all that they meant and stood for.

He was many men, was Winston Churchill. He could be arrogant, opinionated, difficult. And he could be gentle, generous, humorous and responsive. But he was one thing always — the defender of human freedom who would never, desperate as the situation of the moment might be, consider the thought of capitulation or compromise. The cause must be fought through to its finish, whatever the price and the ultimate payment. And his words were weapons.

He was certainly one of the great-

est Englishmen of all time. His place in history is a towering one and will always remain so. And the character of Churchill was perhaps best expressed when he said in Commons, after a disastrous British defeat. "... we shall fight on the beaches, we shall fight on the landing-grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender, and even, if I do not for a moment believe, this island or a large part of it was subjugated and starving then our Empire beyond the seas, armed and guarded by the British Fleet, would carry on the struggle, until, in God's good time, the New World, with all its power and might, steps forth to the rescue and the liberation of the Old."

The world is vastly the richer because he lived in it; the world is the poorer because he is gone.

## Future Farmers Of America Week

Our greatest heritage — our children! Among our greatest contributors to the welfare, happiness and productivity of our children in the public school system is the program of the Future Farmers of America as supported through the Vocational Agriculture Training program.

As the Future Farmers of America week comes into National Observation February 29-27, it is an occasion of which we can point to pride the local achievements and progress of our local high school Future Farmers under the leadership of Sam Lovell. Belle Glade serves as an area upon which its future rests in the multiplicity of diverse agricultural pursuits. The young people who are participating in this organization are brought close to the profound values that are a part of nature. They learn to have a healthy and dedicated interest in crops, in farm animals, in the sugar cane industry and in the

ever changing techniques which give our agriculture its vast efficiency and productivity and help make us the best fed people in the world.

Beyond this, the nation faces a critical problem of juvenile delinquency. Various causes are offered, based on the home, schools and churches. The Future Farmers of American Organization in its work with youth is building character, honor and responsibility and as such is one of the best media to prevent the growth of delinquency.

John H. Causey, County Agricultural Agent, makes this statement about our local Future Farmers of America: "Mr. Sam Lovell is doing an outstanding job, not only is he well qualified and capable, but also the results the boys are showing in their project work is indicative of excellent leadership. Mr. Lovell is to be highly commended."

## Malignant?

The well-lived, contributing life of a nation or of a person is not the result of accident, but of attitude.

There is a dire need for this generation to face the facts concerning itself for in this free and easy world where the threat of communism is raging in every community a personal moral sense is needed which is not afraid to draw stern distinctions between right and wrong. An indulgent civilization has no chance in competition with a disciplined order. The truth about Communism cannot be ignored. There is too much at stake.

The old-fashioned drunkard is known now by the rather respectable name of "alcoholic." The girl of dubious morals describes herself as "sophisticated;" the woman who has never learned to control her temper is "emotionally upset;" the man who has not come to terms with God is "maladjusted;" and Socialism is ingeniously cloaked

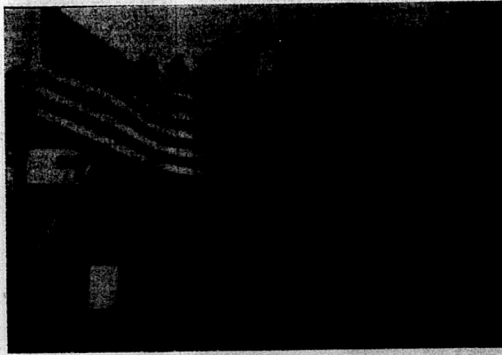

amid "The Great Society" concept.

Federal on through the county agencies are assuming responsibilities which rightly belong to the individual. For example, the Federal government has taken away the privilege of prayer and Bible instruction in our schools. Reflection bears out that this nation was founded under God by God fearing people. The federal government describes this as separation of church and state, but can it not be better termed a decadent act giving impetus to the growth of Communism?

Now Federal school food allotments are threatened to be cut off in our own area because the menus do not conform to orders given by a government agency.

Each individual plays a vast and contributing part by his attitude. To view the present parody of "The Great Society" as democratic is only to fool ourselves.

## Your Library

Neck to neck with Harper, the competitive publishing firm is an agency not to be ignored. The U. S. Printing Office turns out a formidable flow of material, under the authorship of dozens of Departments, and Bureaus.

Some of it is dry; much is technical or specialized. However, a commendable percentage is practical, interesting, or just the thing needed to answer some nagging question. Small libraries do not wish to be repositories for the stacks of print available (where would they put it all?), but they are indebted to the congressmen who help to keep them supplied with useful samples of the output.

The Belle Glade Library appreciates the efforts of Congressman Paul Rogers on our behalf, and we hope that the members to keep us on his mailing list for such material as we list here.

We hope, too, that our state legislators will remember the library-using public when liberal legislation is again up for debate. Florida now ranks 30th in the nation in per-capita support of libraries.

The Yearbook of Agriculture — Each year the Department of Agriculture puts out a broad survey of some one phase of agriculture, binds it between hard covers, and provides a wide public with a source of compact, well illustrated information. Among the issues we have are these:

Insects. (1952) Devoted to insects as helpers and destroyers, the nature, application, and resistance to insecticides, fumigants, quarantines, and controls. Color plates and a bibliography included in over 800 jam-packed pages. Land. ## Uncle Dan Says

Dear Mister Editor:

Farmers and ranchers has had a Program ever since Franklin Roosevelt took pity on us in 1933 and propped up the New Deal with such things known as Quotas and Supports.

The great trouble with our program is that ever time we get a new President we get a new Program and a ignorant fellow like me don't no sooner get to understanding one Program till he's got another one on his hands.

What brings this to mind was our new Program mentioned by President Johnson in his speech to Congress the other week. I had just got across the New Frontier good with the Program President Kennedy had fer us and now I got to figure out this new Program we're going to have in "The Great Society."

I recollect last year reading where some fellow wrote to Congressman Ed Foreman of Texas asking for the details on a few items that was in the Program at that time.

It seems this fellow's neighbor had got a check for \$1,000 from the Government for not raising hogs so this fellow had decided to go into the not-raising hogs business himself. But the thing that had him stumped was the best kind of hogs not to raise. He asked Congressman Fore-

man if the Government would prefer him not to raise Razorbacks or Berkshires and to please give him some advice on a good breed not to raise.

Furthermore, he told the Congressman his neighbor got \$1,000 for not raising 50 hogs and he wanted to know if he could get \$2,000 for not raising 100 hogs. He said he planned to run his not-raising hogs operation on a small scale at first, would be satisfied to holding the not-raising project down to 4,000 hogs at first, which would get him \$80,000 from the Government.

He told Congressman Foreman he would like to get a reply as soon as possible on account of it being a mighty good time of the year to start a not-raising hogs program.

So you see, Mister Editor, farmers and ranchers has to be on their toes when we get a new President and a new Program.

And what makes it more complicated is that city folks is coming out ever few days with a Program they was claiming was better'n the President's.

I recollect a couple year ago a Washington column writer named Arthur Hoppe come out with somepun he called the EFGH or Every Farmer Gets Helped program. His plan was fer farmers not to grow no more farmers. If they did, the Government was to buy the surplus farmers and store 'em away, maybe plow some of 'em under. See what I mean, Mister Editor?

Yours truly,  
 Uncle Dan

## Library Corner

**Book of the Week**  
H. M. Pulham, Esquire by John P. Marquand.  
The story opens when Harry Pulham is talked into collecting class biographies for his 25th reunion. He starts to write his own and begins to tell the reader of his life — boyhood, school, college, war, the advertising job in New York, and the girl he met and fell in love with. Like the "Late George Aspley" it is a story of a man whose life is shaped by his surroundings.

**Notes:**  
The new paper-back books are now ready to be checked out. All students are encouraged to read them.  
A new book order will be dispatched later on next month. Book suggestions from teachers and students will be appreciated.

**Bookworm of the Week:**  
Jerry Croft, a freshman, is the bookworm of the week. He spends his noon hour in the library reading.

**Motto of the Week:**  
Words are tools of thought books are the tool chest.

## Student Favorites

What are your favorite things? This broad question was asked to several students. Their answers were varied.

PAULA SHEPPARD: Skipper, clothes, and jewelry.

LARRY ALTMAN: I don't know.

JOE WHITE: girls, sports, my wife, and "side-kick" friends.

PAUL LLEWELLYN: Beach, and Lynda L.

BETH LIVINGSTON: Boys.

MARK BUSH: white sports cars, and babies.

STEVE HARBROOK: paint can.

BETH MCCLURE: "Don't charm bracelets," and "Volkswagon."

RONNY LEE: all dancing, and cute guys.

GEORGE PINON: revolutions, girls, and Civitans.

IRENE ASHLEY: XFX, furs, and summer.

KATHRYN FENWICK: anything.

JOYCE MORRIS: clothes, school being out, painting, English with an A.

CONNIE BACON: Lane, clothes, jewelry, flowers.

FARRELL KAUFMAN: I like everything and Stingrays.

PAT FISHLER: food, money, and sunshine.

## Two Scouts

### Honored

Victor Riedel, Jr., and Eugene Hollingsworth were presented Eagle Scout Awards at a court of honor last night.

The ceremony was held at the Everglades Presbyterian Church.

The program consisted of singing of the colors by Troop 621, pledge of allegiance, scout oath, and the invocation by Rev. Vonradick.

Maryn Pelling, 1984 graduate of BGHS, related the troop history and E. F. Weaver, County Commissioner, addressed the group.

After the presentation of the awards, Rev. Vonradick distributed every with the benediction.

## For Your Information

Boys, if the knees on your blue jeans are white, tell your mom to buy some crayons and use the blue crayon to rub gently back and forth across the fibers of the material. After that use your medium warm iron and press out the crayon-marked parts. The colored crayon will melt, be absorbed into the fibers, and hide the white line. Ironing boards are useful for more than ironing needs, such as holding typewriters and sewing machines.

For a real time saver, keep your manicure tools by the telephone. As you visit with friends, you can chat and file and polish, and chat!

If you don't like the taste of glycerol, try licking the envelope instead of the stamp.

Carry your purse in a large paper bag while on the street after dark. What then comes a bag, a loaf of bread?

## DCT Students Of The Week

The DCT club has selected as their student of the week Mike Mikovsky, who is President of the club. Mike is employed by Gensom Coastal Motors in the parts department under the supervision of Mr. Herbert Swain. Mike has lived in Belle Glade for 15 years. He is a member of the Junior Civitan and cars are Mike's main interest.

The time is 11:30. Already everyone is looking at the clock and wishing the time would fly. Several people are twisting around in their seats. Some have even fallen out of their seats. Oh, well they'll get up. If they don't, they'll get trampled-on, but good.

## Look Out! Lunch Scramble

Finally the bell rings. Everyone is making a mad dash for the door. We always lose one or two, but we can afford it. As soon as we step-out-the-door, we hear a sound of thunder, and we can see dust flying. It must be a pack of horses. No, it's just a class. Now they're on our heels. A few of them are passing us.

## Innocent Genius

Write "Me A Poem. Baby" is a hilarious book compiled by H. Allen Smith from children's essays sent to him from all over the U.S. The following are a few examples of their innocent and sometimes embarrassing frankness.

**Thank You Notes:**  
Thank you for your present. I always wanted a pig, although not very much.

**Thankyou for the Hankey**  
It is too bad you sent me that red truck for Christmas. I already got one just like it.

**Essays**  
The cow has a fine sense of smell; one can smell it far away. This is the reason for fresh air in the country.

The bird that I am going to write about is the owl. The owl cannot see at all by day and at night is as blind as a bat.

Once there was a man named Eliza. He owned three bears and they lived in a dark cave.

One day some little boys threw stones at Eliza and Eliza said, "I'll tell my bears and they'll eat you up. And they did and he did and the bears did."

**About Mother**  
"My Mother"  
The most dainty butterfies are not as dainty as you! When it comes to opening stuck things

You are right there, too! My mother and I never agree on anything. In the morning I comb my hair — my mother doesn't like it, so she combs it over. Then she goes back to bed. Then I comb my hair again and go to school.

**About Fathers**  
My Pop is tops because every time I ask him for a nickel he will not ask me for a nickel, but when he was a boy he had to earn his nickels and at the same time he was putting his hand in his pocket and pulling out a nickel, saying this is the last nickel I have.

He is a farmer. He smells like a cow and when I smell a cow in the house I know Pop is home and I am glad.

**Abraham Lincoln**  
Abraham Lincoln was born in a log cabin which he built with his own hands.

**Why I Want To Be In The Eighth Grade**  
There are not many reasons why I want to be in the eighth grade.

**Over The Back Fence**  
Some students expect the bus to wait for them. Did Mrs. Weaver wait for you, June B?

E. A. C. P., and K. J. seem to have a big joke about hamburgers. What is it, girls?

Hey! Barbara G. and Janet P. are Wilmer and George your near steady?

Hey, Sherrie N., did S. A., and B. O., keep their date last Friday with you and D. M.?

In Mr. Grover's third period class there seems to be a few couples: J. W. and R. A. S. K. and R. S., M. G. and J. P.

Some students find American History an amusing subject. What about it, P. C.?

B. C. and J. F. find shorthand in Mr. Racco's 3rd period class fun.

## Sr. Sponsors Choose Program Covers

The program designs for the last senior activities, Baccalaureate, Graduation, Senior Play, and Class Night have been chosen. Mr. Wayne K. Fortenberry and Mrs. Helen Cline, senior class sponsors, selected the four covers from among many that were submitted by various companies. The prints were to reflect the colors of the senior class and those of the school.

There will be tryouts on February 15 for the upcoming senior play. Any senior interested may tryout for a part.

## It Has To Stop Somewhere!

Knowledge, enjoyment, and an excellent means of information are provided by books. In view of this, all books, good or bad should be treated with care.

But have you casually browsed through the school library lately? I have and what did I find — books marred and mutilated. Books have had pages torn out, stupid comments smeared on pages and under pictures, and lipsticked, pages spotted with food stains, covers wrinkled because of being left in the rain, words altered with pen or pencil, etc.

Students, let us treat our books with more respect, if you need information from a reference book, copy it down on a piece of paper; don't tear it out and pocket it. Remember there will be others who will need that same information. Girls, if you must blot your lips while you're reading a book, get a tissue and use it; if you feel that you have an observation to leave the world put it on the bulletin board or tell the librarian. If you must eat while reading, eat something that won't stain. Don't alter words in a book; this will ruin another person's enjoyment of it. "Don't Forget;" if it begins to rain take your books inside. Rain is good for plant and animal life, but a book is an inanimate object that cannot protect itself.

Remember, the library is on a strict budget, and can not simply re-order a book because it has been ruined by carelessness or indifference.

So, students, remember there are others using the library and the books you check out should be returned in the same condition you found them. Books properly cared for will last for many years and will give knowledge, information, and enjoyment to numerous students in the future.

## Senior Year Brings Decisions And Privileges

As each year passes, more and more changes are taking place in our life. Being a Senior brings important decisions and extra privileges. For most of us, it means the last year to share laughter, triumphs, and heart-breaks together.

Since the first year of school, all of us have looked forward to the last year. The privileges of seniors were eyed with envy hoping that some day they would be ours. At last we get to sit at the front of the auditorium, leave the campus at lunch, and anticipate that final day. But being a Senior is more than this. It is an achievement, and a goal reached to be proud of.

Through all the 2160 days spent in school, our life and world has blossomed out and become enriched. There is a vast amount of knowledge obtained, besides the other valuable lessons of life learned.

Seniors are now to be considered young adults rather than school children. After all, this time the title of "child" is no longer for us, for we are the young adults preparing to take our place in the world and society.

## Highlight Career Day

"Carnival of Careers in Home Economics" is the theme for the annual Home Economics Career Day to be held on Saturday, February 20 at Palm Beach Junior College. The theme will be carried out in displays and by various speakers who are dietitians, home economists, or teachers.

Each home economics teacher in the county is invited to bring students who are interested in home economics as a career or vacation. Jane Mills, Sharon Walls, Linda Richey, Dee Dee Mikovsky, and Tanya Croft will accompany Mrs. Litchfield as BGHS representatives.

## Most Service To The School

Joyce Kirchner and Jimmy Jackson

**FRIENDLIEST** — Patricia Williams and Barney Weeks

**MOST ATHLETIC** — Tony Lauro and Linda Rockwell

**CUTEST** — Linda Hollingsworth and Gene Hollingsworth

**MOST INTELLIGENT** — Ivan Willis and Jill Chapman

**BEST DRESSED** — Richard Van Landingham and Becky Biskely

**BEST PERSONALITY** — Mary Kate Ponder and Ray Sullivan

## Teacher of Month

Small, but captivating, sweet, but determined. This is our teacher of the month.

She graduated from Berea College, Kentucky. She obtained her B. S. degree from South East Missouri State College in Cape Girardeau, Missouri.

Before coming to Belle Glade she taught one year at Ryalut High School in Jacksonville, Florida. Her final choice of teaching locations has proved to be our good fortune.

Her frequent interests are her husband and baby daughter, Charlotte Leigh.

Mrs. LaFlam, who has been with us 3 years, is sponsor of the RAMPAGE and Annual Staff. Both jobs demand much of Mrs. LaFlam's time, yet she is always there when we need her.

## "500" Driver Speaks In Assembly

Mr. Chuck Stevenson, eight-time driver at the Indianapolis "500," winner of the Mexican Road Race in 1952, and member of the Champion Spark Plug Safety Team spoke in the safety assembly sponsored by Glades Auto Supply last Feb. 8.

The first of his program featured a movie which began with comments about safety from each member of the Champion Spark Plug Safety Team. Then, the students saw the highlights of the Indianapolis 500 mile Race.

Mr. Stevenson introduced Belle Glade Police Chief Charles D. Goodlett and commented: "It is better to meet him here than in traffic court."

After his speech, Mr. Stevenson answered questions submitted by the students.

## Seniors To Take Tests At Palm Beach JC

Belle Glade students are scheduled to take the Entrance Exam for Palm Beach Junior College on Saturday, February 20. All scheduled placement tests are free and all materials will be furnished. Even if the student has not applied to the college, he is permitted and urged to take the test at the scheduled time in case there is a chance that he may apply.

The tests will begin promptly at 8:35 a. m. and last until 2:45 p. m. with a 30 minute lunch break at 11:00. Parking is provided on the south side of the college auditorium where the tests will be given. All students who plan to attend the summer session at P. B. J. C. must also register and take this test.

# REPRESENTATIVES ATTEND CONSULTATION

## THE MIMIC

FEB. 16, 1965 THE HERALD, Belle Glade, Florida 7B

### Representatives Attend Consultation

Two of our fellow students, Shirley Walker and Milagros Benjamen, along with our assistant principal, Mr. Oris Walker, attended the Consultation of Services to Children in the Coast-Migrant Stream at Lake Byrd Conference Center, Avon Park, Florida. A parent, Mrs. Myrtle Walker, accompanied them on this trip, which was held from February 1-3.

A discussion was held on the conditions under which migrants work and live and the lack of other needs such as health and sanitation education and day care for the children of migrants. The next discussion was on the needs of migrants. Areas covered were health of migrants, the education of migrants, the education of the National Council, and day care services for the children of migrants.

Day care, education, and health of migrants in the stream were discussed. Recommendations to the National Council were made.

### Just For The Record

Nearly all the faults or mistakes in conversation are caused by not thinking. For instance, a first rule for conversation is "Try to do it right."

Many people who really know better, people who would be perfectly capable of intelligent understanding if they didn't let their brains remain asleep or locked tight, go right after night to better parties and after day to other social gatherings and absent-mindedly chatter about this or that without ever taking the time to think what they are saying and to whom they are saying it.

The "Try to do it right" type people take time in social conversation are bound to be better than the others or the better than the others who choose to be a mere matter of selection. If we think before we speak, we would accomplish much more.

Doctor to Patient — If you follow this prescription for flu, it will not be necessary for you to return to me.

Doctor to Patient — What happened? How did you get this broken arm and leg?

Time When Ready — A bright young lady, speeding through traffic, was stopped by an officer. "Look here," he growled, "where's the fire?" "What are you worrying about?" She countered. "You're no fireman!"

### Student of Week

The little this week is given to a newcomer at Lake Shore who has worked hard in order to make her first year a successful one. Miss Sharon Sheppard has been chosen "Student of the Week."

Sharon, a native of Belle Glade, Florida was born May 30, 1952 to Mr. and Mrs. John Sheppard. She is now a resident of 832 S.W. Ave. E.

Sharon has been an honorable mention student for each of the six weeks period, but her learning pursuits did not interfere with her other activities.

She is a member of the Spanish Club, Student Council Representative of 9-1 homeroom.

She has shown interest in every subject and because of this she has not yet decided definitely what her future will bring.

Notice: The newcomers (7th graders) have challenged us to teach the students of the 8th, 10th and 11th grades to the following:

1. Rendering service to some or organization. 2. Being and remaining "B" average student. 3. Having good character and being loyal.

With these qualifications you may be chosen as "STUDENT OF THE WEEK."

N. H. A.

The New Homemakers of America have made a survey among themselves. The purpose of this survey was to estimate how many mature people we have at Lake Shore High.

Some of the questions on the survey were as follows:

1. Do you often blame others when things go wrong?

2. Do you get frustrated when people compliment you?

3. Are you a moody sort of person?

4. Do you find yourself day-dreaming?

5. Does the sight of blood make you dizzy or ill?

6. Do you tell people you like them when you do?

7. Are you honest in all money interests?

8. Are you a good listener?

9. Do you do as well in exact science courses as you do in others?

SPANISH CLASSES

The junior high department was favored with an assembly program Monday, during the sixth period. The program, given by the students of Espanol was very enlightening.

It was quite evident that the students of Espanol were doing a good job in teaching these students.

The program was divided into two parts. During the first half a skit entitled "Doble O Meda" (Double or Nothing) was given.

The second half of the program was a replica of one of Senior Pugh's classes conducted by Senorita Lattimore.

Upon completion of this Senior Troupe led all the students of Espanol in song.

### New Homemakers

#### Attend Florida State Fair

The members of the Florida Association of New Homemakers of America journeyed to Tampa, Florida, Friday, February 5, 1965, by way of a chartered Trailways bus to attend the Florida State Fair.

The trip was educational as well as recreational. The group observed and enjoyed many interesting projects and activities. When the group arrived at the Fair Ground a team of four was formed and chaperoned by Mrs. Lillie Mae Williams, Mrs. Maude Vereen, and Miss Cynthia Bess, N. H. A. sponsor.

Upon entering the main section of the building, the group was greeted by a candidate for the Fiesta Queen who sat in a garden bedecked with a beautiful scenery of vines and greenery, this scene so flatteringly gave at a glance a look of an unrealistic view over-shadowed by a bright smile coming as a warm welcome to the group of viewers. The eyes of the group were captivated by a most interesting and worthwhile displays of the natural resources of the state of Florida. Some of the outstanding displays were a motor driven train running it's way through the farmland to make transportation for the produce available to many sections of the country. Fruits of many kinds, and a new kind of orange which has not yet reached the market called cinnamon. Some of the animals commonly found in Florida were displayed.

Fashion shows were staged for the on-lookers. The fashions presented were so designed that by simply adding detachable parts, the whole style would fit any occasion. This show was to strike the attention of the N. H. A. viewer whose interest is fashionably wise.

Friday, February 5, was truly an exciting and well spent day for all of the New Homemakers who made the trip.

#### Conference In Tallahassee

February 5-6, were the dates of the work conference held in Physical Education and Driver Education at Florida Agricultural and Mechanical University, Miss Duncombe, Mr. Vereen, and Mr. Sutton of our faculty attended this conference. The conference was sponsored by the State Department of Education and Florida A. & M. University.

The conference was divided into three sections: The female Physical Education Section, the Male Physical Education Section, and the Driver Education Section.

The area of track and field and gymnastics in competition on the secondary level was emphasized. This clinic was attended by Miss Duncombe, Mr. Vereen, and Mr. Sutton of our faculty.

The male Physical Education delegate, Mr. Vereen, attended sessions given by the F. I. A. A. They discussed problems in Physical Education.

Some of the problems discussed were:

1. Conflicts between the Physical Education Department and the Athletic Department.

2. Lack of equipment and facilities.

3. Unbalanced class schedules.

4. Concrete methods of evaluation in Physical Education.

5. Overloaded duties of physical educational personnel.

6. The increment of coaches.

The Driver Education sessions were attended by Mr. Sutton. Discussions were held on the following:

1. Perceptible attitudes.

2. Homes as they affect drivers today.

3. Neighborhoods as they affect drivers today.

4. Changes in Rules and Regulations.

5. Grading and evaluating driver education students.

A film entitled "Freeway Could Be Safe" was shown. These delegates returned to Lake Shore High well informed and desirous of sharing the information with their students.
